Philips
Attachable battery pack & charging base

for iPhone and iPod

DLP2277

Charge anywhere

with a convenient backup battery and base system

Say goodbye to clutter - set up your system for effortless wire-free charging! Plug in a charging base where you typically power up, then use the attachable battery pack to free yourself from cables and have backup power on the go.

Portable power

- Wire-free enabled to work with ChargeOn bases
- Double the battery capacity for nearly twice the talk time
- Recharge your device's battery on the go
- Mini-USB sync and charge cable
- Works anywhere - great when you're not near a power source

Effortless charging

- Meet the ChargeOn system for effortless charging
- Charge on contact – no plugging and unplugging
- Put power where you need it with the slim charging base
- Charge with included wall charger and mini-USB cables

Smart design

- Suction cups for secure attachment
- Works with most cases so you still use your favorite case
- Compact, flexible design for ease of use

PHILIPS

Attachable battery pack & charging base
for iPhone and iPod

DLP2277/17

Highlights

Attaches with suction cups
The battery pack uses suction cups for secure attachment to the back of your device. They also allow for easy removal when not in use.

Compact, flexible design
The compact, flexible design means you can still comfortably use your device while the battery pack is attached and charging.

Double your battery capacity

Now you can talk, surf and enjoy the music and videos on your iPod or iPhone for nearly twice as long with double the battery capacity provided by the compact, lightweight battery.

Recharge your device's battery
Keep the battery pack on hand so you have the power to recharge the battery of your device wherever you are. Simply connect the battery pack for an easy and convenient recharge on the go.

Hidden power-indicator light
Discreet and energy conscious, the hidden LED light appears with the push of a button to let you know the power status of your battery pack at a glance.

Works anywhere
Even if you're not near a wall or car charger, you can recharge your device's battery with the convenient battery pack. The intelligent battery pack supplies power first, so you can remove the pack after use and still have a full battery on your device.

Mini-USB sync and charge cable
The included mini-USB cable connects to a USB charging unit - like your computer or a USB wall or car charger. When connected to your computer, the cable allows you to sync your iPhone or iPod with iTunes.

Works with most cases
The suction-cup design attaches easily to the back of your iPhone or iPod, as well as to most cases – so no bulky specialized case needed! This way, you're free to keep using your favorite case on your device and still enjoy the benefits of wire-free charging and backup power on the go.

Charge on contact
Simply place a wire-free battery pack onto a charging base to begin charging both the pack and your device on contact.

Charger, mini-USB cable inside
There are three ways to charge your attachable battery pack – with the included USB wall charger, via your computer with the included USB cable (which can also sync while connected), or by placing the pack onto an Infinergy charging base.

Put power where you need it
From the kitchen to the office or the bedside table, plug in a compact base wherever you frequently charge your devices. Then you'll charge simply by placing a wire-free battery pack onto the base where you'd usually set your device down anyway.

Meet the ChargeOn system
Power supplies cluttering up your life? Set up your ChargeOn system for effortless wire-free charging! Plug in a base where you typically power up: at your desk, in the kitchen, on your bedside table. Then use the attachable battery packs to free yourself from cables and have backup power everywhere you go.

Wire-free enabled
The battery pack is designed with contact points that allow you to charge it on an ChargeOn base simply by placing it onto the base – no more plugging and unplugging! Grab a base for convenient wire-free charging.

Specifications

iPhone compatibility
- Compatible with: iPhone

iPod compatibility
- Compatible with: iPod touch

Power
- Output: 5 VDC, 0.5 A, 2.5 W
- Input: 10.5-18 VDC, 0.6 A

Packaging dimensions
- Packaging type: Blister
- Number of products included: 1
- Packaging dimensions (W x H x D): 7.5 x 6.7 x 2.2 inch
- Gross weight: 0.703 lb
- Nett weight: 0.483 lb
- Tare weight: 0.220 lb
- UPC: 6 09585 19316 1

Outer Carton
- Number of consumer packagings: 18
- Outer carton (L x W x H): 21.7 x 8.5 x 14.7 inch
- Gross weight: 16.534 lb
- Nett weight: 8.691 lb
- Tare weight: 7.844 lb
- GTIN: 2 06 09585 19316 5

Inner Carton
- Number of consumer packagings: 3
- Inner carton (L x W x H): 7.7 x 7.0 x 7.0 inch
- Gross weight: 2.507 lb
- Nett weight: 1.448 lb
- Tare weight: 1.058 lb
- GTIN: 1 06 09585 19316 8
